Instead of encouraging gambling and addiction, we offer a fun, social experience where users bet for entertainment, connect with others, and share the excitement.

## 2. Mission

To redefine sports betting by removing addictive mechanics, promoting fun and friendship, and offering a one-way, non-counter bet model.

## 3. Vision

We aim to build a global community of sports enthusiasts who enjoy the thrill of betting responsibly, without financial harm or addiction.

## 4. Problem Statement

Traditional betting platforms profit from user losses, creating a cycle of addiction and financial distress.

## 6. Unique Model

- One-way betting system only (no counter betting allowed)
- Bets placed contribute to prize pools or friend contributions
- Social elements that enhance experience (sharing wins/losses, community tipping)
- International accessibility and language diversity
